

Zero Exchange

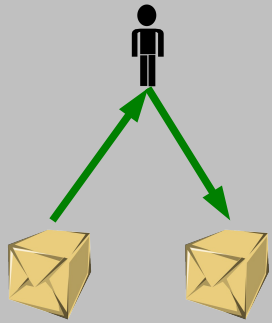

Collective projects management
system

The key to solving complex problems is **cooperation**

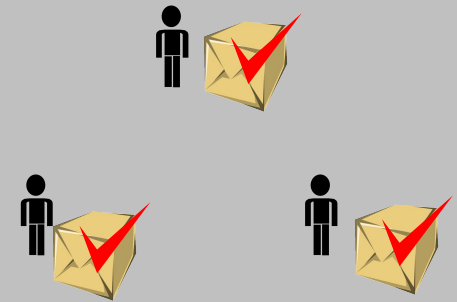

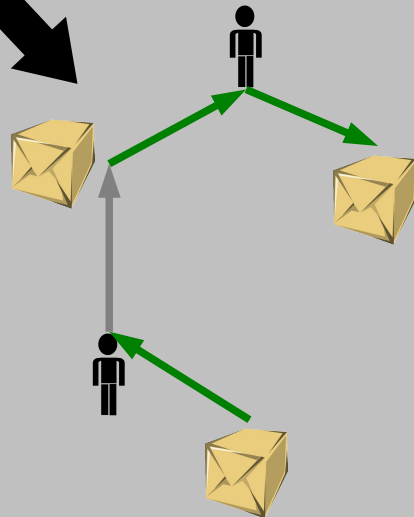

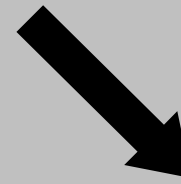

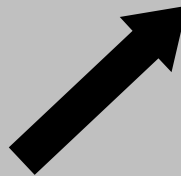

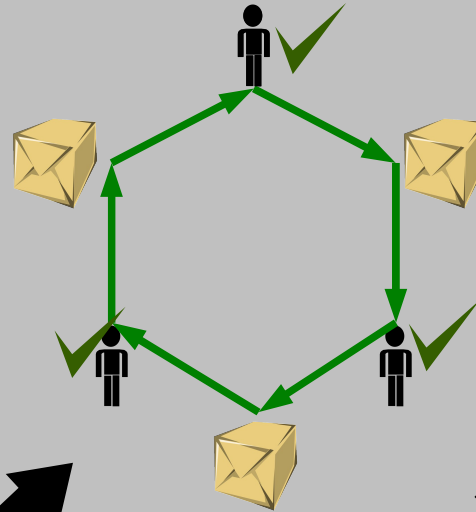

Collaboration is an exchange of goods and services according the some protocol

Collective contract creation

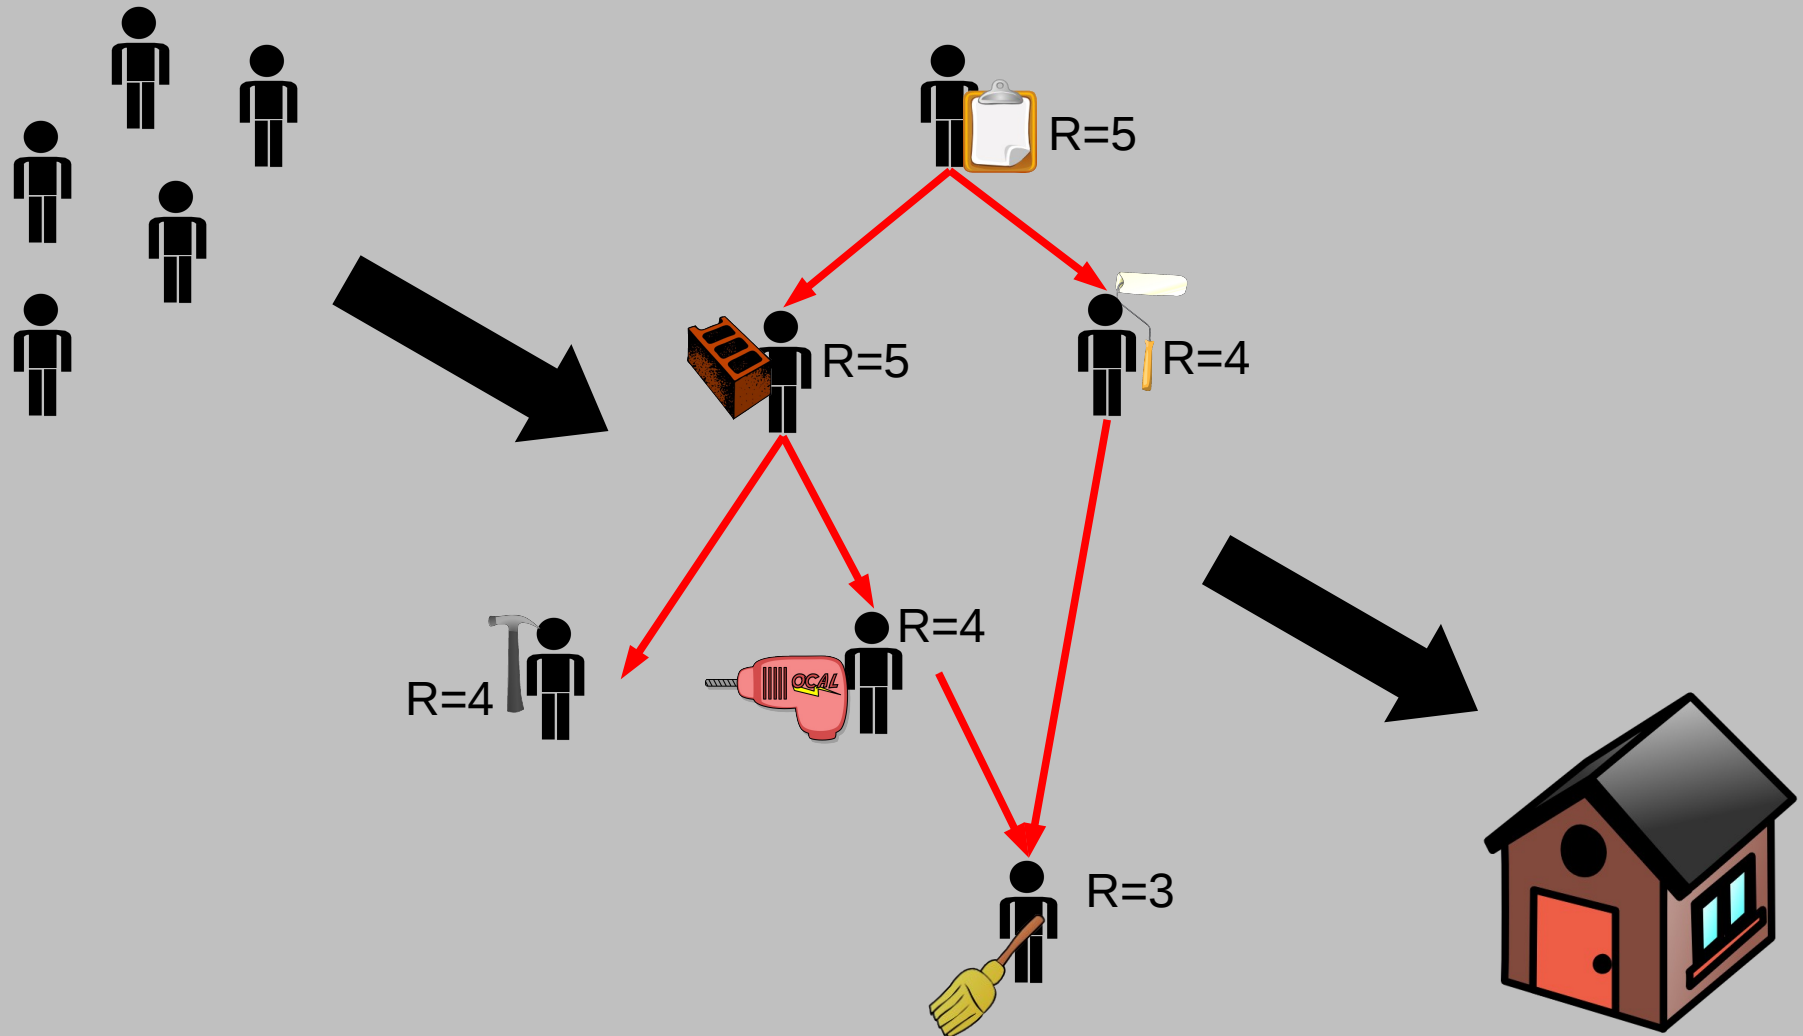

Contract acceptance

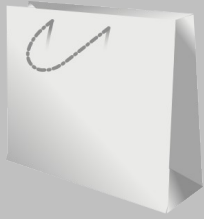

Collaboration network construction

Resources delivery

Trust is the basis of cooperation, Reputation is the basis of trust

Users can change:

Goods

Services

Money

Or

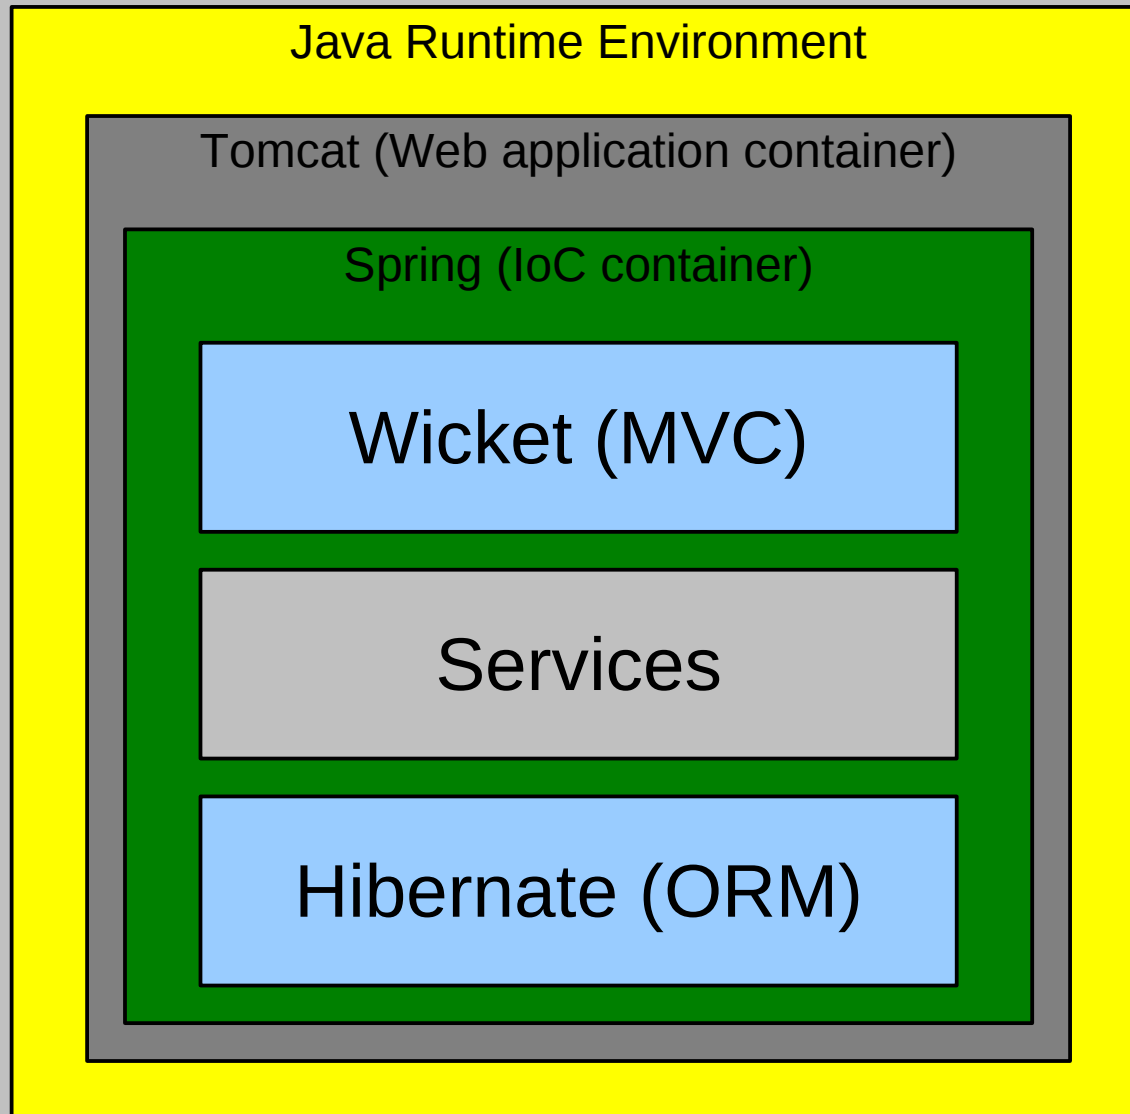

Collaborate on a grant basis

How it looks now

Id	Title	Created
1	Space flight	A

Id	Category	Description	Amount	Owner	Producers	Consumers	Manage
100	Service		0.00 ?	B		A	I can provide I need it Tenders...
200	Service		0.00 ?	B	A		I need it Tenders...
300	Good	The spaceship	1.00 Each	B	B		Edit Unbound Tenders...
